Manufacturer: Pumptec

Pumptec 70033 Pressure Regulator 0-600 PSI - 1/4 F 3 Inlet Bypass Ports MV500 series with No Lock Nut Silver Spring
Description
Pumptec regulators offers quality in pressure regulating, relief and release. Pumptec regulators also serve as a flow proportionate valve. With this pressure regulating operational regulator valve, you are assured of top performance. High flow or low flow, a Pumptec pressure regulator valve will offer the desired regulated flow and operation specifications. Whether it is for your carpet extractor cleaner, high and low flow misting sprayer, sprayer, lawn and pest spraying pump application, agricultural sprayer pump, chemical pump sprayer, pressure cleaner washer sprayer and washing equipment and other pump/motor/plumbing needs, Pumptec can assist with your general category pump and regulator needs.
