Description

The Clean Storm BR114 Brass Coupler is a premium-grade, heavy-walled brass pipe fitting designed to connect two 3/8" male threaded pipes or fittings seamlessly. Engineered with precision Female Iron Pipe (FIP) threads on both ends, this coupler provides a secure, leak-free connection built to withstand high pressure, heat, and demanding commercial or industrial environments. Featuring an extra-thick wall construction, the Clean Storm BR114 delivers superior durability, corrosion resistance, and structural strength compared to standard thin-walled fittings. It is an essential component for pressure washing systems, carpet extraction equipment, plumbing lines, and pneumatic air systems.

Features

- **Heavy-Walled Construction:** Thick-walled design provides high resistance to mechanical wear, high pressure, and cracking.
- **Precision Threading:** Dual 3/8" Female Iron Pipe (FIP) threads ensure tight, reliable seals with male-threaded connections.
- **Corrosion Resistant:** Solid brass construction resists rust, corrosion, and chemical degradation for long service life.
- **Versatile Application:** Ideal for pressure washers, carpet cleaning machines, hydraulic lines, and fluid transfer systems.
- **Volume Savings:** Take advantage of our "Buy More, Save More" bulk pricing options for larger job requirements.

Specifications

Brand
Clean Storm

Model / MPN

Parts & Accessories > Brass, Plastic, Steel, Stainless Hydraulic Fittings > Brass Fitting > Threaded X Threaded > Clean Storm BR114, Brass Coupler 3/8in FIP x 3/8in FIP Heavy Duty Heavy-Walled Pipe Fitting

Clean Storm BR114, Brass Coupler 3/8in FIP x 3/8in FIP Heavy Duty Heavy-Walled Pipe Fitting

BR114

Product Type
Pipe Coupler / Fitting

Material
Solid Brass (Thick Walled)

Connection Type 1
3/8 in Female Iron Pipe (FIP)

Connection Type 2
3/8 in Female Iron Pipe (FIP)

Thread Style
Female NPT / FIP

Wall Type
Thick Walled (Heavy Duty)
