Model Number: AR51E

HydroForce AR51E Gekko 14in Quad Jet Squeegee Head 117059 1609-1579

Manufacturer: HydroForce

14" Gekko Squeegee Head 117059

The Squeegee Tool is ideal for surfaces that need high pressure cleaning and instantaneous dry times. New for the Squeegee Head are "spray guards" on the sides of the squeegee that stop water from splashing out the sides, yet still allow air to flow to prevent wand "suck down". The unique housing design allows the jets to screw directly into the metal head instead of the older design using a spray bar that goes across the manifold. This prevents clogs caused by string, paper and other debris, and increases air flow and performance. The elimination of excess brass components also significantly decreases maintenance expenses.

Compare to current or past OEM associations:

1609-1579

AR51E

117059

Details

- 2,000 PSI rating
- 1.5" port
- Two 8001 side Veejets; two 11001 center Veejets
- Please set up nozzles so the water spray does not collide with the nozzle next to it.
- Easy jet change, no special tool required

Order AR51V Wet Vacuum Tool to get a head without the jets for flood extraction.
