Clean Storm 20041008, 1-1/2 Inch ID Double Lined Crush Proof Vacuum Hose by the Foot

Model Number: 20041008

Clean Storm 20041008, 1-1/2 Inch ID Double Lined Crush Proof Vacuum Hose by the Foot

Manufacturer: Clean Storm

Clean Storm 20041008, 1-1/2 Inch ID Double Lined Crush Proof Vacuum Hose by the Foot

Description

Clean Storm 20041008 crush proof vacuum hose features a 1-1/2 inch inner diameter and double-lined construction with a super smooth interior surface for maximum airflow. Sold by the foot without cuffs or ends, this flexible commercial-grade hose is built for demanding cleaning and extraction tasks.

Features

- 1-1/2 inch inner diameter designed for optimal airflow and suction performance in commercial recovery systems.
- Double-lined construction provides enhanced durability, kink resistance, and long-term structural integrity.
- Crush-proof design recovers instantly under heavy foot traffic or accidental compression.
- Super smooth interior surface minimizes friction loss and prevents debris blockages.
- Flexible and lightweight layout ensures effortless maneuverability around tight corners and job sites.

Applications

- Carpet cleaning truckmount and portable extractor vacuum lines.
- Commercial and industrial wet/dry vacuum cleaner setups.
- Water damage restoration extraction runs.
- General debris cleanup and dust collection systems requiring 1-1/2 inch ID hose.

Tips and Additional Information
Measure your required run accurately before cutting, as this hose is sold by the continuous foot. Inspect the interior and exterior walls prior to installation to ensure no obstructions are present. Secure appropriate hose cuffs or connectors using proper clamps or adhesive depending on your specific equipment fittings to maintain an airtight seal during high-suction operations.
Frequently Asked Questions
Q: Does this hose come with cuffs or end fittings attached?
A: No, this hose is sold strictly by the foot without cuffs or end fittings, allowing you to cut it to your exact required length and attach your own specific connectors.

Steambrite Supply

Clean Storm 20041008, 1-1/2 Inch ID Double Lined Crush Proof Vacuum Hose by the Foot

Q: What is the inner diameter of this vacuum hose?
A: This hose features a standard 1-1/2 inch inner diameter designed to fit compatible commercial vacuum cuffs and fittings.
Q: Is the color guaranteed to be blue?
A: While the hose is typically manufactured in blue, the color is not guaranteed and may vary depending on production batches.
Warranty & Safety Information
Clean Storm products are backed by standard manufacturer defect warranties covering material and workmanship flaws upon delivery. Warranty coverage is immediately voided if the product is subjected to excessive physical damage outside normal operating parameters, improper cutting or modification leading to premature failure, chemical exposure exceeding material compatibility limits, or application in high-temperature environments exceeding design thresholds. Always inspect the hose for punctures or tears prior to high-suction or fluid recovery use to maintain workplace safety.
Optional

AH76 Hose Cuff Connector 2" Barbed to 2" Barbed Plastic
