Clean Storm Truckmount Engine Oil To Water Heat Exchanger Stainless Steel 20141021

Model Number: 20141021

Clean Storm Truckmount Engine Oil To Water Heat Exchanger Stainless Steel 20141021

Manufacturer: Clean Storm

Engine Oil To Water Heat Exchanger Stainless Steel
Commonly used to heat water on truckmounted carpet cleaning machines.

Tube in Shell design
100% 316L Stainless Steel
Length: 15 inches
Diameter at center: 4-3/8 inches
Connections: 1" Fip
Engine Oil Connection 3/4" Fip (subject to change)
Height: 5-1/4 inches tall
Heat transfer area:
Can handle temperatures to 200 degree C (392 degrees F)
Max water and/or oil pressure: 2.5 MPa (362.59 Psi)
Over 55,000 BTU of heat

Flow of oil and water should be in opposite directions for maximum efficiency.
Commonly used to supply water box with return water from pressure regulator.
On the flip side, this works very, very well. Impressive water heating from the engines oil.
Perfect companion for the El Diablo Heat Exchanger truckmount that has an extra large water box.
Reduces the warm up time to reach maximum temperature as well as ensures all truckmounts stay hot to keep up with the high flow rates of tile and grout cleaning.
Note to transfer heat into the water box you have to let go of the trigger on the cleaning tool so the steam will transfer from the oil to water box.

Optional

Magnetic Clamp-On Water Softener Descaler for Truckmount & Portable Carpet Cleaning Machines 20260425

- Helps prevent scale buildup in pipes, coils, heaters, and carpet cleaning heat exchangers
- Reduces or eliminates routine monthly descaling in many applications
- Clamp-on installation — no cutting, plumbing, salt, chemicals, or

Clean Storm Truckmount Engine Oil To Water Heat Exchanger Stainless Steel 20141021

cartridge replacement

• Maintenance-free design — no salt, resin, plastic pellets, filters, or media to flush

• Improves heat transfer efficiency by helping keep mineral buildup off heater surfaces

• May improve water flow / GPM by helping reduce mineral restriction over time

• Only 4 inches long for installation in tight areas on portable and truckmount equipment

• Longer Equipment lifespan
