Model Number: 10141941

Clean Storm Truckmount Air To Water Heat Exchanger Stainless Steel Blower Silencer [10141941]

Manufacturer: Clean Storm

Vacuum Blower Air To Water Heat Exchanger Stainless Steel and Silencer
Commonly used to heat water on truckmounted carpet cleaning machines.

Tube in Shell design

100% 316L Stainless Steel

Length: 35-1/4 inches

Diameter at center: 5-1/4 inches

Encaps 2" Fip (2-5/8" OD)

Air in and out connections opposing 2-1/2" Fip (3-1/8" OD)

Height: 6-3/4 inches tall

Heat transfer area: 2.005 Sq meters (22 sq ft)

Can handle temperatures to 231 degree C (447.8 degrees F)

Max water and/or air pressure: 1.31 MPa (190 Psi)

Weight: 11.4 Kgs (25.13 lbs)

Water Volume in tubes: 3.25 Liters (108.2 ounces)

Air Volume in Shell: 5.75 Liters (195.28 Cubic Inches)

Number of tubes in center: 84

Flow of air and water should be in opposite directions for maximum efficiency.

Commonly used to supply water box with in bound water from garden hose or transfer pump. Hot air is supplied by the exhaust of the blower vacuum pump while working as a silencer at the same time.

Special order build. Please allow one month for production.

Optional

Magnetic Clamp-On Water Softener Descaler for Truckmount & Portable
Carpet Cleaning Machines 20260425

- Helps prevent scale buildup in pipes, coils, heaters, and carpet cleaning heat exchangers
- Reduces or eliminates routine monthly descaling in many applications
- Clamp-on installation — no cutting, plumbing, salt, chemicals, or cartridge replacement
- Maintenance-free design — no salt, resin, plastic pellets, filters, or media to flush
- Improves heat transfer efficiency by helping keep mineral buildup off

>

heater surfaces

- May improve water flow / GPM by helping reduce mineral restriction over time
- Only 4 inches long for installation in tight areas on portable and truckmount equipment
- Longer Equipment lifespan
