TEST

Impress your customers with the transparent SX-15. The clear head on the SX-15 allows you to show your customers how your professional tools and chemicals remove years of grunge from their tile and grout. Just like the Hydro-Filter, it's a great way to demonstrate how much grime their 'cleaning' left behind. It's also a great visual tool for seeing when you've removed all the cleaning solutions and dirt from an area. If the water isn't brown or foaming, it's clean!

LEAVE THE COMPETITION BEHIND!
Make quick work out of any job with the industry's most advanced hard surface tool.

FAST

- Industry-leading 15" cleaning path allows you to clean 25% faster than 12" models
- Aerodynamically-engineered radial vacuum line creates a laminar-flow vortex in the cleaning head that allows the SX-15 to remove water twice as fast as competitive models
- Tool-less design makes changing the boots a breeze! EZ-LOC™ boot uses no screws or pop rivets, simply release three locking levers to change your boot on the fly!
- Toe-adjustable vacuum relief lets you adjust the suction strength on the fly
- Low profile allows the unit to fit under toe kicks
- Easy access inline filter makes cleaning the filter a snap

DURABLE

- Quality components will handle operating pressures from 700 to 2,600 PSI so you

BE Pressure 85.790.004 Whirl A Way Surface Clean Spinner Replacement Swivel Rotary Head Freight Included 777897104547

can blast away oily deposits
• Stainless steel handle and high-tech polymer casing will take a beating and ask for more

ERGONOMIC

• Handles are spaced shoulder-width and allow you to use side-to-side or front-to-back cleaning strokes
• Lightweight construction makes it feel like the machine is floating along the floor
• Tool length is comfortable for users of all heights

•
•

--> .
This is a replacement rotary head for 16-24" BE Whirl-A-Way's.
Fits the following:

BE-1600WAW
BE-1800WAW
BE-2000WAW
BE-2000WAWS
BE-2200WAWG
BE-2400WAWS

Please note that different swivels have been used on the Whirl A Way units.
This part number works on all 20” plastic and stainless, as well as the 24” Stainless and the 22” grey. That head is now used on the new 16” also. The old 16” used the smaller rotary head #85.790.034 ($99.99), this is the same head used on the 12” Whirl a Ways.

To help differentiate between the old and new 16”, go by the part #.

Old = BE-1600WAWY
New = WAW-16Y.
