Model Number: G054

Mytee G054 Nylon 18inch Tuff-Block G113 Carpet Brush Includes NP9200 Clutch Karcher 8.628-377.0

Manufacturer: Mytee Products Inc

Mytee 18 inch Carpet Shampoo Brush G054
On brushes 14" diameter and larger, the two outer rows are heavier to scrub the carpet and flex the pile while the softer inner rows “massage“ the dirt from the carpet for a deeper cleaning action.

The best quality brush for this application. Nylon is flexible and supple enough to gently scrub
carpets, yet has more “memory“ than other fibers for a longer lasting brush.

Full face of bristles makes it the perfect brush for 20" floor machines with 1-1/2 HP motors for use on commercial carpet cleaning.

Our top quality nylon Shampoo Brush is ideal for shampooing carpets and tile when used with Mytee® floor machines. They’re flexible enough to gently scrub carpets, buts retain their “memory” for long-term use.

Brush Size
18" for 20" Machines

Filament Diameter
.025/.028

Mytee G054 Nylon 18inch Tuff-Block G113 Carpet Brush Includes NP9200 Clutch Karcher 8.628-377.0

Compatible with
DiamonHead, DualGlide, PowerGlide

MSRP
$99.00

Note, brush is made 2" smaller than the outer size of floor machine so it will not rub under the apron.
This means the brush fits up under and inside the apron area.

Carpet brushes must be broken in as described before use on carpets:
1. Mount the brush on the floor machine. Follow ALL instructions included in your owner‘s manual.
2. Find a rough textured floor surface, preferably unfinished concrete.
3. Operate the machine on this surface. Run the machine DRY for approximately 15-20 minutes. The brush fibers will take a slight set or lean in the direction of machine rotation.
4. Rinse the brush to remove any dirt caught when running machine. The brush is now ready to be used on carpeting.

Includes FREE clutch plate
