Pumptec 81295 M9253F Ametek Motor PLUS mounting base Rectifier Replaces Old M53 Legend Brands 109414 8.639-019.0 GTIN: N/A

Model Number: 81295

Pumptec 81295 M9253F Ametek Motor PLUS mounting base Rectifier Replaces Old M53 Legend Brands 109414 8.639-019.0 GTIN: N/A

Manufacturer: Pumptec

The new Ametek M9253F has arrived
It replaces the old M53
Pumptec: M9253F Motor with mounting base and bridge rectifier
AMETEK, 1/4HP, 120V, 34FR, OPEN, USED WITH 205 AND 207 HEADS
M9253F
Includes base and rectifier

Does not include the Cam Bearing that mounts between the motor and pump head
Please make sure the customer is not wiring the M9253f into the U.S. products existing circuit board. The original motor used in U.S. Products is a 90 volt motor installed with a circuit board and speed control, if the Ametek motor is installed utilizing this circuit board will fail. The US Products circuit board and speed control will need to be removed and rectifier installed if being used as a replacement for the original motor.
