HydroForce AX126 Shock Buster 1648-2236 Power outlet with a built in GFI Circuit

Model Number: AX126

HydroForce AX126 Shock Buster 1648-2236 Power outlet with a built in GFI Circuit

Manufacturer: HydroForce

HydroForce AX126 Shock Buster 1648-2236 Power outlet with a built in GFI Circuit

Protects from hazardous electrical shock. This GFCI adapter plugs into any 3-prong AC outlet and converts it to a safety outlet. Simply plug your appliance or tool into Shockbuster. Shockbuster instantly detects ground faults caused by leakage currents and shuts off power to avoid electrocution.
