Clean Storm 32312, 3/4" MIP x 5/8" Hose Barb Brass 90° Elbow Forged Fitting, 32-312

Model Number: 32312

Clean Storm 32312, 3/4" MIP x 5/8" Hose Barb Brass 90° Elbow Forged Fitting, 32-312

Manufacturer: Clean Storm

Clean Storm 32312, 3/4" MIP x 5/8" Hose Barb Brass 90° Elbow Forged Fitting, 32-312

Description

Upgrade your fluid and air connections with the premium Clean Storm 32312 Forged Hose Barb 90° Elbow Fitting. Engineered for superior strength and leak-free reliability, this heavy-duty brass fitting connects a 5/8" ID hose to a 3/4" Male NPTF thread at a precise 90-degree angle, making it an ideal solution for tight spaces and custom hose routing.

Crafted from durable forged CA377 brass, this elbow provides enhanced structural integrity compared to standard cast fittings. Take advantage of our Buy More, Save More volume pricing to stock up for all your plumbing, pressure washing, or industrial equipment needs.

Key Features

- Precision 90° Elbow Design: Perfect for tight routing configurations and preventing hose kinks.
- Forged Brass Construction: Manufactured using CA377 forged brass for extra durability, high burst strength, and long service life.
- Versatile Compatibility: Connects standard 5/8" Inside Diameter (ID) hoses directly to 3/4" Male NPTF threaded ports.
- Wide Temperature & Pressure Range: Reliably performs under extreme temperatures ranging from -40°F to +160°F at up to 150 PSI maximum pressure.
- Bulk Savings: Eligible for Buy More, Save More discount pricing.

Specifications

Brand / Manufacturer
Clean Storm

Part / Model Number
32312 / 32-312

Parts & Accessories > Brass, Plastic, Steel, Stainless Hydraulic Fittings > Brass Fitting > Threaded X Barbed > Clean Storm 32312, 3/4" MIP x 5/8" Hose Barb Brass 90° Elbow Forged Fitting, 32-312

Clean Storm 32312, 3/4" MIP x 5/8" Hose Barb Brass 90° Elbow Forged Fitting, 32-312

Fitting Type
Forged Hose Barb 90° Elbow

Connection 1
5/8" Hose ID Barb

Connection 2
3/4" Male NPTF (MIP)

Material
Forged CA377 Brass (Barstock CA360)

Working Pressure
Up to 150 PSI Maximum

Temperature Range
-40°F to +160°F

Dimensional Tolerance
+/- .02 on all dimensions

Usage Note: These fittings are intended for secure connection when used with a standard hose clamp, similar type clamp, or a crimped ferrule. Dimension data is subject to change without notice; please contact support if dimensions are critical for your application.
