Manufacturer: Haaga

Haaga Topsweeper 255 Dual Brush Push Power Sweeper 21inch

Designed in Germany, Haaga's mechanical sweeping machine has a clever design that picks up all the debris in front of it. Equipped with 2 circular brooms, the Haaga sweeper picks up dried or wet leaves, stones, waste material, fine dirt, cigarette butts, cans, paper, grass etc.

The sweeper can be used on asphalt, concrete, tile or any other hard surface. Working Principle: Circular Broom Direct System Sweeping Width: 21 inches Sweeping Capacity: 17,000 sq/ft per hr. Container Capacity: 6.6 gal Features: Environmentally friendly - Eliminate air and noise pollution at the same time Patented dual-action sweeping system rotates brushes to remove dirt and debris both wet and dry. Trash is swept into a storage container that can be easily removed, emptied, and replaced. Great for homes, businesses, and any small to medium sized application.

Beltless drive system is wear resistant and ensures durability. Extremely lightweight featuring an ergonomic design with easy-maneuverability. Haaga sweepers works on nearly any flat surface. Superior design allows for assembly without any tools. Easy cleaning and virtually no maintenance Store flat or easily hang on the wall to utilize minimal storage space Machine carries a two (2) year warranty with an additional two (2) year warranty on brushes High quality German manufacturing under eco-friendly environment.
