Clean Storm 32025, 1-inch MIP x 1-inch Barbed Brass Fitting, Straight
Description
The Clean Storm 32025 is a durable, straight brass fitting designed for secure hose connections. Featuring a 1-inch MIP (Male Iron Pipe) thread on one end and a 1-inch barbed connection on the other, this fitting is ideal for heavy-duty applications. It is intended for use with a hose clamp, similar type clamp, or a crimped ferrule. Built from high-quality CA360/CA377 brass, it ensures reliable performance across wide temperature and pressure ranges.
Features

- Durable Brass Construction: Made from CA360 Brass for barstock fittings and CA377 Brass for forged fittings.
- Secure Connection: Designed to work seamlessly with hose clamps, similar clamps, or crimped ferrules.
- Easy Assembly: Clear guidelines for cutting, lubricating, positioning, and securing the hose.
