Haaga 677 Profi Line Turbo Battery Powered with Electric Drive Triple Brush Sweeper 31inch

Manufacturer: Haaga

Haaga 677 Profi Line Turbo Battery Powered with Electric Drive Triple Brush Sweeper 31inch

Haaga 677 Profi-line 1 2 The Haaga 677 Profi-line battery sweeper is the first in the range of the new generation battery sweepers. Fitted with the turbo patented three brush sweeping system the sweeper is extremely light to use in operation. With all three brushes being battery driven for up to 90 minutes sweeping into corners is far easier as the brushes are rotating even when the sweeper is not moving forward. Even once the battery is empty the sweeper can be used in manual operation which makes this sweeper extremely versatile.

After completing your work just plug the unit in with the charger provided and leave over night so it will be ready for the next day. Performance has been enhanced in this new range with new additions to the sweeper. Changes to the bin, sweeping plate, filters and dust seals around the third brush have all improved the dust retention along with sweeping performance. New ergonomic handle for fatigue free operation. A guiding roller and brush guider on one side only gives the added advantage of sweeping into corners, the other side with no roller allows the protruding brush to sweep better under an overlapping edge. Gear covers have also been fitted over the front disc drives to increase the durability.

Easy to store and with the battery operation this sweeper is light and easy to use. Specifications: Battery powered Turbo operating system 77 cm sweeping width 50 litre waste bin Weight 22 kg Performance 3,800 sqm/h Easy Storage Gear covers Dust seals Ergonomic handle Brush guider Features and Benefits: Battery drives all three brushes 90 minutes on one charge Can be used as manual sweeper if battery empty Dust seals around the third brush Problem free ,belt -less drive Light weight and operation Space saving storage Warranty: Domestic: 4 years brush wear,2 years on the complete sweeper Commercial: 12 months on complete sweeper
