- TreadMaster is efficient

The ease of set-up and take-down makes cleaning escalator treads and moving walkways a “hands-off” job. TreadMaster frees up personnel to perform other tasks while TreadMaster is at work. The built-in vacuum system, easily replaceable heavy duty polishing pad and nylon-grit brush ensures complete and thorough cleaning.

A simple three-step set-up process

Simply position the TreadMaster at the bottom of the escalator, lower the tread-wide cleaning head into position, and activate the escalator. Without any repositioning during any part of the cleaning process, TreadMaster cleans any tread width completely and thoroughly.

TreadMaster Features:

• Durable, roto-molded construction
Quiet riding wheels
• Replaceable polishing pads and brushes
• Crevice tool for hard to reach areas
• Three different tread widths:
24", 32" and 40" cleaning heads will accommodate most escalator models
• Available for moving sidewalks
•

CleanMaster’s Escalator Tread Spot Cleaner is an excellent product to use in conjunction with the TreadMaster. This fast acting spot cleaner is designed specially for use on aluminum escalator steps.

Spot Cleaner is non-flammable and non-conductive so it can be used while motor and equipment are operating.

• We will need to know the exact width that you need. For instance, if the width of the escalator step is 23.5" wide, the 24" will be too large and he will need to have it made in 23.5. For that, he will still be charged for the 24" If they want

a 25" wide, they would pay for the next size over the 24"

• All escalator cleaning machines are made to order. You supply the size then they are build to your specs. Please allow for 3 to 4 weeks for this order to be filled.
