Model Number: CH41GL-4

HydroForce CH41GL-4, Viper Peroxibright CTG, 1x Case, 4 Gallons

Manufacturer: HydroForce

Peroxide Activated Concrete, Tile & Grout Cleaner and Brightener

Cleans and brightens even the grungiest concrete, tile or grout, floor, fixture or wall!

Dilution Ratios: 1:4 RTU pH: 2-3 Contains: 4 gallons (1 Case)

- A product breakthrough in Concrete, Tile, & Grout cleaning and brightening
- Activated effervescent solution gets into every crevice, crack, and pore to effectively emulsify, dissolve and deflocculate the most stubborn soiling and grime build-up
- Cleans and brightens without need for neutralization that harsh acids require
- A proprietary mixture of specialized surfactants and non-butyl solvents is activated by a stabilized oxygenated solution

Peroxibright CTG is a synergistic product breakthrough that cleans and brightens even the grungiest concrete, tile and grout floors, fixtures, and walls. The activated effervescent solution gets into every crevice, crack and pore to emulsify, dissolve and deflocculate even the most stubborn soiling. A proprietary mixture of specialized surfactants and non-butyl solvents is activated by a stabilized oxygenated solution for maximum molecular cleaning and brightening action.

Peroxibright CTG brightens grout lines without the use of harsh acids and chlorine bleaches that can damage the grout and surrounding flooring materials. It cleans, refreshes, and brightens concrete, tile, and grout without leaving watermarks or residue like other cleaning chemicals can.

Peroxibright CTG cleans and brightens without the need for neutralization that harsh acid solutions require because it is self-neutralizing. While Peroxibright CTG is designed to work ideally with rotary hard surface cleaning extractors like the Hydro-Force SX-12 and SX-15, it can be safely and effectively used with virtually any hard surface floor cleaning brush or mop system.
