Malish 782717, Pad-Lok 17in Polypropylene Pad Driver, Plastic Block, GTIN 6-15129-82717-1

Manufacturer: Malish

Malish 782717, Pad-Lok 17in Polypropylene Pad Driver, Plastic Block, GTIN 6-15129-82717-1

Description

Pad-Lok[®] is Malish's best-selling tufted pad driver, engineered for universal compatibility across a wide range of clutch plates and mounting systems. Heavy polypropylene strands, trimmed irregularly at 3/4", are staple set into our durable TUFF-BLOCK[®] Showerfeed construction. This allows the tufts to penetrate into the floor pad or bristled floor pad for secure holding power during operation.

Pad-Lok[®] is compatible with both 5-inch center hole configurations and traditional lug or gimbal-style mounting systems, making it the most versatile choice to fit a variety of mounting options.

Features

- Heavy polypropylene 3/4" tufted strands for strong pad retention
- Durable TUFF-BLOCK[®] construction
- Showerfeed holes for solution dispensing machines
- Universal mounting compatibility
- Standard 5" center hole with configurable options for non-5" mounting systems
- Includes 1-1/4" plastic riser (also available without riser)

\$62.16
