Red Primary Wire 12 Awg per foot stranded 20151327

Model Number: 20151327

Red Primary Wire 12 Awg per foot stranded 20151327

Manufacturer: Clean Storm

Red Primary Wire 12 Awg per foot stranded

12 Gauge Primary Wire is available in red color and offered in 100, 500, 1000, 1500 and 4000 foot spools or by the foot. Designed with a single conductor & PVC insulation, wire provides added strength and ease of use for any application. While also highly resistant to grease, oil and acids, primary wire is ideal for automotive, marine, and general applications.

• Single conductor copper stranded polyvinyl chloride insulated primary wire is standard for original equipment and replacement automotive applications.
• Smooth surface makes it ideal for pulling through loom or conduit.
• Rated for 12 to 60 volts, insulation operates optimally between the temperatures of
-40°C to 105°C (-40°F to 221°F). Meets or exceeds S.A.E. specification J1128, Ford M1L56A and Chrysler MS 3450
