Winco HPS12000HE-03/A 12000 Watt Tri Fuel Generator 16612-003
Don't rely on a modified generator to have the flexibility of switching between gasoline, natural gas, and LP gas. Winco has been perfecting our Tri-Fuel generators since 1984. With a powerful Honda OHV engine this generator produces 12,000 watts of surge (10,800 watts continuous) power so you will be able to easily run essential items like pumps, sump pumps, furnaces, TV’s, and air conditioning units. This unit comes standard with the 4 wheel dolly kit.

Product Features
HPS12000HE-03/B
This unit was built with versatility in mind. It is the only Tri-Fuel capable, Honda-powered generator on the market that DOES NOT void the engine warranty. It’s constructed with the same engine and generator end we use on our Industrial WL12000HE.
