Description

Truckmount Power in a Portable. That might sound like a bold statement, but it's the truth. Just ask anyone who's experienced what the Breeze® can do.

The sources behind the Breeze's power are the two Mytee® exclusive LX™ vacuum motors, producing up to 250 CFM and 180' of water lift (about 13.2'Hg). What's even better is it's producing that kind of suction at the carpet.

Representing the pinnacle of power and portability, the Breeze® line of extractors are brimming with exclusive, high-value features set to make waves across the industry. They're a true force to be reckoned with.
