

Model Number: AX10X

HydroForce Gekko AX10X Vacuum Only Squeegee Wand 1673-4067

Manufacturer: HydroForce

HydroForce Gekko AX10X Vacuum Only Squeegee Wand
14" Gekko Wet Vacuum Tool

Prevent premature age of your carpet wand by using a tool designed specifically for water extraction on hard surfaces. The squeegee blades give you exceptional recovery, yet still allow for easy gliding due to the design of the blades. The blades are double walled for stiffness and have an air gap at the ends to prevent suck down. This tool consists of an AR51V Gekko Wet Vacuum Squeegee and an AR51X Gekko Wet Vacuum Wand. Unlike the AR51E Gekko Squeegee head, the Wet Vac Squeegee head does not have jets and is used exclusively for water removal.

Xactimate Code: WTR EXTH
