Clean Storm M5500X13, Brass ConeJet Adjustable Spray Tip, 1/4in MIP Male Pipe Nozzle, 2.36mm Opening, M5500-X13

Model Number: M5500X13

Clean Storm M5500X13, Brass ConeJet Adjustable Spray Tip, 1/4in MIP Male Pipe Nozzle, 2.36mm Opening, M5500-X13

Manufacturer: Clean Storm

Clean Storm M5500X13, Brass ConeJet Adjustable Spray Tip, 1/4in MIP Male Pipe Nozzle, 2.36mm Opening

Description

Upgrade your spraying equipment with the premium Clean Storm M5500X13 Brass ConeJet Adjustable Spray Tip. Built for durability and versatile performance, this solid brass nozzle easily rotates through a half-turn to transition seamlessly from a wide-angle, finely atomized cone spray to a high-impact straight stream.

Designed as a heavy-duty, long-lasting replacement for fragile plastic cone nozzles on standard pump-up sprayers, this brass tip offers a lifetime of reliable performance. It is also an ideal component for carpet dye spray guns and various industrial spraying applications demanding precision and heat resistance.

Features

- Adjustable Spray Pattern: Knurled brass body smoothly rotates a half-turn to adjust from a wide, fine-atomized cone spray to a concentrated straight stream.
- Built to Last: Solid brass construction eliminates cracking and wear associated with plastic nozzles, offering a lifetime of durability.
- Multi-Purpose Application: Perfect for upgrading pump-up sprayers, carpet dye spray guns, and precision chemical application tools.
- Wide Operating Range: Performs reliably across pressure ranges from 1 to 400 PSI and fluid temperatures up to 140°F.
- Standard Fitting: Features a standard 1/4 inch Male Pipe Thread (MIP) for quick and universal installation.

Specifications

Brand
Clean Storm

Model / Part Number
M5500X13

Parts & Accessories > Jets Nozzles TeeJets VeeJets Cone Spray M-Style Rotary Lazer > Jet Accessories
> Clean Storm M5500X13, Brass ConeJet Adjustable Spray Tip, 1/4in MIP Male Pipe Nozzle, 2.36mm
Opening, M5500-X13

Clean Storm M5500X13, Brass ConeJet Adjustable Spray Tip, 1/4in MIP Male Pipe Nozzle, 2.36mm Opening, M5500-X13

Material
Solid Brass

Inlet Connection
1/4 in. MIP (Male Pipe Thread)

Orifice Opening
2.3622 mm (Size 13 Flow)

Operating Pressure Range
1 - 400 PSI

Max Operating Temperature
140°F (60°C)

Pattern Adjustment
1/2 Turn (Fine Atomized Cone to Straight Stream)
