Powdered Enzyme Pre-spray Incorporating Proteolytic Enzymes Specifically Formulated For The Removal of The Toughest Protein Greases, Oils, and Soils Typically Found In Food Service, Hospitality, Healthcare, and The Home.

For Use On All Protein Related Stains. Effectively removes blood, vomit, grass, and food stains from carpet. Spray onto the carpet, work in, and extract. Enz-All has also been found to be extremely effective in removal of urine and feces stains

Cuts Through Food Grease Fast With a ready to use pH 11.4, Enz-All is hot enough to cut through difficult food grease problems, even the grease that defies high-pressure extraction. When used as a pre-spray, Enz-All will break down the thickest, caked-on kitchen grease or the thinnest body oils with ease.

Doubles As a Spotter. To use as a protein spotter, mix one scoop of Enz-All to one-quart hot water. Enz-All works well even at room temperatures and is superior in performance on all food-related stains.

Long Shelf Life Enz All has an indefinite shelf life when undiluted. Once diluted, Enz-All is effective for 12 to 24 hours. For fastest action, greatest cleaning, and quickest emulsification, always mix fresh.
