Mytee 5004 Electrical Converter 230 volt 4 Prong/Wire 14-30P 30 amp TO Single Gang 5-20R 2 outlets Version 2

Manufacturer: Mytee Products Inc

Mytee 5004 Electrical Converter 230 volt 4 Prong/Wire 10-14P 30 amp TO Single Gang 5-20R (2 outlets) Version 2

4 prong 230 volt 30 amp to single gang (dual receptacle) 115 volt dual 20 amp breakers

Are you tired of looking for two outlets on two separate circuits to plug in your extractors, airmovers and other equipment? Save time and labor on the job with the 5004 4-Prong Electrical Converter which is designed to fit cords with 4-pronged plugs.
Features:

Doubles outlet access – Splits a single 230V, 30-amp-circuit appliance outlet into two usable 115V circuits
Prevents circuit breaker blowouts – By offering built-in circuit breaker protection
Is versatile – Works great with all Mytee® extractors, airmovers, heaters – any product with an electrical cord
Fits NEMA L14-30 Style 230V Outlets

Specifications:

Converts
230V circuit into two 115V circuits

Are you going to purchase this for your Mytee 1003dx, Sandia 80-3500H, Clean Storm 12-3500-HAFAD or some other high amp draw portable?

Note: User assumes all responsibility on use. It is the users responsibility to check the inbound voltage, outbound voltage, and total amp draw to verify these are not going to be overloaded. The user agrees to test the amp draw of any appliance or machine that they plug into these converters to ensure they are not being overloaded. Meters are cheap and mistakes are expensive. You can purchase a meter at https://www.steam-brite.com/voltage-meter-mulitester-p-6259.html
User agrees to hold Steam Brite, its employees, and agents harmless in the event of any use of said use of converter. The user agrees to not hold SteamBrite and all employee against any problems that arise out of the use of said converters.
