Manufacturer: Chemspec

Chemspec Liquid One Clean CASE 109763

One carpet detergent for ALL types of carpets and rugs, including stain-resistant and wool. Particularly recommended for use in all steam cleaning extraction machines.

Confused about which products you can safely use on all types of carpet?
We recommend turning to OneClean. Every major fiber producer in the nation has approved OneClean for use on stain-resistant and regular carpet types and it has even been tested and recommended by the New Zealand Wool Board. When it comes to performance criteria, take the word of all of these authorities: nothing beats OneClean when it comes to handling every carpet type you will encounter on the job. Note product ships in different color plastic bottles and labels but same product inside.

Dilution:
For Truck mounts: Mix 32 oz per 5 gallons of water for stock solution
For Portables: Mix 2 oz of OneClean per 5 gallons of water
