Description

The Clean Storm 1405-0604 Steel Swivel Hydraulic Adapter Fitting provides a reliable, high-pressure connection designed to adapt 3/8" FIP to 1/4" FIP lines smoothly. Engineered for heavy-duty fluid power and high-pressure washing applications, this durable steel adapter simplifies equipment assembly by allowing easy alignment during initial threading.

Please Note: This fitting is non-live (not continuous rotation). The swivel feature is designed exclusively to allow rotation for easy positioning, tightening, and removal during installation. Once fully torqued down, the joint locks into place and will not continuously turn during dynamic operation.

Features

- Non-Live Swivel Design: Swivels freely for effortless position alignment during installation and removal, locking solid once fully tightened.
- Durable Steel Construction: Built to withstand high-pressure fluid environments and resist mechanical wear and stress.
- Precision Port Conversion: Seamlessly bridges 3/8" Female Iron Pipe (FIP) threads to 1/4" Female Iron Pipe (FIP) threads without needing extra reduction couplers.
- Leak-Resistant Connection: Precision-machined threads deliver a tight seal for fluid transfer under high pressure.

Specifications

Brand / Manufacturer
Clean Storm

Part Number / SKU
1405-0604 (1405-6-4)

Parts & Accessories > Brass, Plastic, Steel, Stainless Hydraulic Fittings > Steel Fittings > Clean Storm
1405-0604, Hydraulic Adapter Fitting, 3/8 in FIP x 1/4 in FIP Steel Swivel, Non-Live, 1405-6-4

Clean Storm 1405-0604, Hydraulic Adapter Fitting, 3/8 in FIP x
1/4 in FIP Steel Swivel, Non-Live, 1405-6-4

Fitting Type
Swivel Adapter (Non-Live)

Thread Side A
3/8 in. Female Iron Pipe (FIP)

Thread Side B
1/4 in. Female Iron Pipe (FIP)

Material
High-Strength Steel

Operation Type
Installation-Only Rotation (Locks Solid When Tightened)
