Manufacturer: Legend Brand

Sapphire Scientific 67-019-C Clear Upholstery Pro 114810 Truckmount Bi-Directional Cleaning Wand

Fast, fatigue-free cleaning - all day long!

Description

SKU #67-019 Blue truckmount unit

SKU #67-019-P ‐ Clear For use with portable. In-line orifice controls water flow and maximizes heat with portables.

SKU #67-019-C ‐ Clear For use with truckmounts. Adjustable flow valve with inline filter maximizes water flow.

- Unique dual extraction slots permit full extraction in both directions across fabric surfaces
- In-line solution strainer helps prevent clogging
- Solution control valve provides precise control for widest range of fabric types and soiling conditions
- Sliding vacuum release allows for easy vacuum adjustments on the fly
- Trigger valve and glide can be changed in minutes with simple hand tools.
- Lightweight and highly flexible hose coupling is easy to maneuver, even in tight places

Now you can effectively clean a wide range of fabrics and soiling conditions with just one tool. Precision flow control allows for easy, on-the-fly adjustments. And the unique continuous flow design allows you to extract in both directions for the best clean possible.

The Upholstery Pro is also the most comfortable and light weight cleaning tool available today. Equipped with a trigger lock to reduce hand fatigue (see disclaimer and photo below as this feature has to be self repaired on your own), the cleaning head is correctly angled and carefully balanced to reduce wrist, arm and back fatigue. The housing is constructed of lightweight but extremely durable for a long service life. The clear tool is made with CoPolyester.

The Upholstery Pro tool fits on standard 2 and 1½ inch vacuum hoses and is compatible with any carpet extraction machine.

Unlike jetted tools, the UpholsteryPro will prevent overspray on boxing and piping. Clean both forwards and backwards to cut your cleaning time in half. It's also designed for easy service in the field. The in-line solution filter removes easily and rinses clean, and changing out a glide or valve takes only minutes with simple hand tools.
