High Pressure Solution Hose Pay less and get more with our super tough Hydro-Force Pro 4000 solution hose. The Pro 4000 has been proven in engineering tests to outlast any other comparable solution hose used by carpet cleaning technicians. Rated at 4,000 PSI, this non-marking hose has a tough, yet flexible polymer coating that will survive being dragged across concrete, and yet still look good inside your customer’s home.

These solution hoses are built for the most demanding pressure and heat requirements of today's high heat and high pressure truck mounts. These ¼" solution hoses are rated at 4,000 PSI and 250ËŠ F. The steel braid construction gives the hoses both strength and flexibility. Plus, the composite rubber exteriors are non-marking, too. Hydro-Pro solution hoses meet manufacturer’s specifications for all high temperature truckmounts.
Each 50 foot section includes male pipe fittings and protector sleeves on both ends.

- Rated at 4,000 psi and 250 degree F, this non marking hose will withstand everyday abuse
- Steel braid makes it tough and also very flexible
- Meets manufacturer's specifications for all truckmount high-temperature machines
- The 50' section includes protector sleeves on both ends and male
