Clean Storm 661300, 3/4" Male SAE Flare x 3/4" Male NPT (MIP) 90-Degree Brass Elbow

Model Number: 661300

Clean Storm 661300, 3/4" Male SAE Flare x 3/4" Male NPT (MIP) 90-Degree Brass Elbow

Manufacturer: Clean Storm

Clean Storm 661300, 3/4" Male SAE Flare x 3/4" Male NPT (MIP) 90-Degree Brass Elbow

Description

The Clean Storm 661300 is a heavy-duty 90-degree street brass elbow engineered for high-pressure, leak-free directional transitions in demanding fluid and gas handling systems. Designed with a 3/4-inch Male SAE flare connection on one side and a 3/4-inch Male NPT (MIP) connection on the other, this fitting provides a secure, vibration-resistant 90-degree bend in tight plumbing configurations.

Constructed from premium corrosion-resistant solid brass, this elbow fitting is ideal for professional carpet cleaning extractors, pressure washers, HVAC systems, fuel gas lines, and industrial fluid transfer applications where durability and precise flow direction are essential.

Features

- Precision 90-Degree Directional Fitting: Allows clean, tight right-angle turns in tight engine compartments, pump assemblies, and plumbing manifolds.
- Dual Thread Compatibility: Features a standard 3/4" Male SAE (45° Flare) thread on one end and a 3/4" Male Pipe Thread (MIP / NPT) on the opposite end.
- Solid Brass Construction: Superior resistance to corrosion, rust, and physical wear for prolonged service life under harsh operational conditions.
- Leak-Free Seal: Metal-to-metal flare seating combined with tapered pipe threads provides a reliable, pressure-tight connection against high vibration and temperature swings.
- Versatile Application Use: Perfect for pressure washing equipment, truckmount extractors, hydraulic systems, propane/gas lines, and industrial fluid handling.

Specifications

Brand / Manufacturer
Clean Storm

Part / Model Number

Parts & Accessories > Brass, Plastic, Steel, Stainless Hydraulic Fittings > Brass Fitting > Threaded X Threaded > Clean Storm 661300, 3/4" Male SAE Flare x 3/4" Male NPT (MIP) 90-Degree Brass Elbow

Clean Storm 661300, 3/4" Male SAE Flare x 3/4" Male NPT (MIP) 90-Degree Brass Elbow

661300

Product Type
90-Degree Elbow Pipe Fitting

Connection End 1
3/4" Male SAE (45°; Flare)

Connection End 2
3/4" Male NPT / MIP (Male Iron Pipe)

Angle
90 Degrees

Material
Solid Brass

Maximum Pressure Rating
Up to 1,000 PSI (Depending on application & temperature)

Operating Temperature Range
-65°F to +250°F (-53°C to +121°C)

Media Compatibility
Water, Air, Oil, Natural Gas, Propane, Liquids

Cross Reference / Alternative Part Numbers
