FL-AER Surface Cleaner “Economy“ with Air Recovery System
To adjust the height of the dome add or remove washers between the casters and the support brackets.
This multi function, multi task surface cleaner line is used to clean brick walls, RV’s, boats, stadium stairs, kennels, sidewalks, carwash walls, windows, tile and grout cleaning, and other hard to clean surfaces. Can be used to pressure wash and vacuum pick up at the same time.
Recommended Accessories to use with your Mosmatice 78.292 are AH95 to attach hose to gun
and NA0819 to attach vacuum hose to lance.

To adjust the height of the dome add or remove washers between the casters and the support brackets.

Operates at lower pressures from 1000 psi to 4000 psi at flow rates between 2 gpm and 6 gpm

Did you know that this tool will ship by the US Post Office world wide for about $150 (even less inside the USA)? This is about 1/4 as much as FedEx charges for similar tools. This is because of the smaller, more compact shipping box. Many floor spinner wands have to ship in very large boxes that are not shippable by the US Post Office. Did you know that Mosmatic makes the spinners/ swivels for all the other tile and spinner tools? Yep, this is true. Mosmatic is the world leader in spinner technology.

Mosmatic 78.287 Tile and Grout Spinner 12 Inch Wall FL-AER 300 With Vacuum Air Recovery Pick up 5000 psi M-70016

Please note the Mosmatic tools do not come with any quick disconnects (QD) to hook the spray gun to the pressure washer or tile cleaning machine machine. The gun is threaded with 3/8" Female International Pipe (FIP) connection. Please add the correct pressure washing QD and/or carpet cleaning QD do your order.

The tool is designed out of the box to use a standard shop vac (single 2 stage vacuum) and if you are going to use with a truckmounted carpet cleaning machine, you might want to consider matching the vacuum of your machine to the tool for best use. This is a one time adjustment. It is only 3 bolts to remove and add the washers to raise the dome. Depending on the grout lines you might not need to adjust anything on the tool. This is a very well crafted tool and I do stand by them. I feel that it offers the largest variety of surfaces to clean. Mount the assist handle right on the dome and remove the lance and now the same tool will clean walls. You can use on cement outside and on tile inside. On the video on the webpage shows the customer having some difficulty on moving the wand, but I asked him if he ever bothered to make the vacuum adjustment for his machine and he told me "no." The Mosmatic 78.292 tool does provide a more downward spray than other tools. This causes more energy to impact the floor and not so much for spinning the spray bar. Unlike other tools this tool offers a wider range of cleaning pressures. You can use all the way up to 5000 psi.

Please note, you can add or adjust the height to the cleaning dome by adding or removing washers between the casters and the dome arms.

Shipping charges to be added if picked up @ SteamBrite SA TX (factory does not have a free shipping offer)
