CTI Pros Choice 6600C-1 Wood Care Clean 1 Qt.

Description:

If you are not already adding to your income with wood care, Consider the number of cleaning jobs you have where wood covers a significant area of the floors. Wood like carpet or tile will gradually loose its brilliance for a number of reasons. Often from fine particulate soil that is not removed by normal dusting or vacuuming.
Pros Choice WOOD CARE gives you an opportunity to clean and restore these floors at a very good price per time spent on the job. And it is technology that offers demonstrable benefits to your customer.

pH: 7 & 7.5
Dilution: RTU
Container Size: 1 US Quart
