Foster K6-4080 First Defense Disinfectant 5 gal. Pail

Manufacturer: Abatement Technologies

Restore and Protect Structures from Mold, Mildew and Bacteria Growth Caused by Water Damage

Foster Disinfectant and Fungicidal Protective Coatings help restore and protect structures from mold, mildew and bacteria growth resulting from flood and natural disasters. Foster products are preferred by contractors and specified by industrial hygienists because of their long term, proven performance and reliability.

Disinfect and Deodorize

Foster First Defense 40-80 Disinfectant and Odor Remover

Foster First Defense Disinfectant 40-80 is a convenient, ready-to-use EPA registered formulation that kills odor-causing bacteria and inhibits the growth of mold and mildew. This all-in-one disinfectant, cleaner, fungicide, mildewstat, germicide and deodorizer is designed for use in water damage restoration and for clean-up of mold and microbe impacted porous and non-porous materials. Foster First Defense 40-80 ships full strength and does not require customers to dilute corrosive or dangerous concentrate.

Part #: K6-4080. 5 gal.
