Clean Storm 32577, Brass Ferrule .821 inches X 1 inches Long X .025 Thick Common for 1/2in ID Hose

Model Number: 32577

Clean Storm 32577, Brass Ferrule .821 inches X 1 inches Long X .025 Thick Common for 1/2in ID Hose

Manufacturer: Clean Storm

Clean Storm 32577, Brass Ferrule, .821in ID x 1in L x .025in Wall, For 1/2" ID Hose
Description
Ensure secure, leak-free hose assemblies with the Clean Storm 32577 Brass Ferrule. Designed specifically for standard 1/2-inch inside diameter (ID) hoses, this heavy-duty ferrule provides an exceptionally reliable crimp connection for high-pressure cleaning, pneumatic, and fluid transfer applications. Precision-engineered from high-quality brass, it offers superior corrosion resistance and durability under demanding job site conditions.
Features

- Precision Fit: Sized specifically for 1/2" ID hoses with an inner diameter clearance of 0.821 inches.
- Durable Brass Construction: Offers outstanding resistance to corrosion, rust, and structural degradation.
- Consistent Wall Thickness: Uniform 0.025" wall thickness guarantees an even crimp and maximum grip strength around hose barbs.
- Versatile Application: Ideal for pressure washing, air lines, water transfer, and general industrial hose repair.
