Rokan High Pressure Swivel Assembly For Reel HSA

Model Number: HSA

Rokan High Pressure Swivel Assembly For Reel HSA

Manufacturer: Rokan Reels

Rokan HSA High Solution Assembly
The high pressure swivel converts the standard solution reel to live operation. This option includes one high pressure swivel, and 20" length of high pressure hose with fittings and one male quick disconnect. An additional length of hose from the reel to the cleaning machine will be required to complete the installation. .

For Replacement Swivel Only, see [HPS] instead
