Chemspec C-ENER32 Energizer 8 lbs Jar

Makes Every Alkaline Cleaning Detergent More Powerful An Effective Detergent Additive. Energizer will boost the cleaning power of any carpet, upholstery, or laundry detergent yes, ANY detergent! The additional cleaning power gives you astounding cleaning results which make your job easier and gives your customers a more pleasing clean.

Added Power Cleaning Action Begins Immediately No waiting for the extra power. Simply mix Energizer with your cleaning agent, according to directions and begin your power cleaning. Energizer becomes active immediately upon mixing with the cleaning solution to give the added cleaning and color brightening power you want.

Enhances Brightening Effect In addition to its greater cleaning power, Energizer will enhance color brightening and give that crisp, like new appearance all without using traditional optical brighteners.
