Odorcide 210 Laundry Concentrate Master Case (2-12 packs of 16 oz. bottles)

Model Number: 210L-P

Odorcide 210 Laundry Concentrate Master Case (2-12 packs of 16 oz. bottles)

Manufacturer: Thornell Corp

Odorcide 210 Laundry Concentrate Master Case
(2-12 packs of 16 oz. bottles)

PRE-TREATMENT
Pre-treat heavily contaminated items by simply adding ½ oz to water and soak prior to washing. When washing pre-treated items, simply follow the directions below.
STANDARD WASH CYCLE
For optimal performance, add Odorcide® Laundry every time you wash at the following rates:
• Light odor loads: Add ¼ oz
• Moderate odor loads: Add ½ oz
• Extreme odor loads: Add 1 oz
Odorcide® Laundry can be added directly with the detergent or during the auto-soak cycle. Odorcide® Laundry is an additive, not a detergent, and is safe for use with detergents, fabric softeners and other laundry additives.
Product Safety
All Thornell products are safe for use on any surface. As with any product, follow the label directions. Contains water, proprietary essential oil blend and preservatives. Keep out of the reach of children. For external use only.
Cautions
Effectiveness decreased when using with Chlorine solutions. Always spot test for color fastness.

FAQs

Q: Is it an enzyme?
A: No. Odorcide is not an enzyme. Odorcide uses a chemistry called Zwaademaker Conjugates. This process bonds, absorbs and then counteracts the odor molecules ability to emit a vapor. The result is complete elimination of the odor.
Q: Does it work on cat urine?â€¨
A: Yes. Odorcide will eliminate the odors caused by pet urine. Simply identify the source and make sure Odorcide is used in a manner that will ensure contact with the odor molecule.
Q: Can you use it on oriental or wool rugs?â€¨
A: Yes. Odorcide is safe for use on rugs and carpets of all kinds. Rugs need to be treated front and back. A dip tank is best if available.
Q: Does it leave a residue?â€¨
A: No. Odoricide is a water based product thus no residue is left behind.
Q: Does it attract dirt?â€¨
A: No. Odorcide is non-ionic with a neutral Ph thus it does not attract dirt or debris

Odorcide 210 Laundry Concentrate Master Case (2-12 packs of 16 oz. bottles)

after use.
Q: Will it hurt the finish on my floor?â€¨
A: No. Odorcide is a water based product and contains no caustic ingredients that will damage the floor surface.
Q: Do I need to extract it?â€¨
A: Once Odorcide is applied its best to leave it until you are certain it has penetrated deeply enough to come in contact with the odor source. As many of the problems areas are on wood or concrete flooring, this process may take a few minutes. Odorcide needs to penetrate both of these hard surfaces to adequately reach the odor molecule. Once you are certain the penetration process is complete, you can extract the excess or you can simply let it air dry. If you are cleaning in addition to deodorizing, you can remove the excess during your cleaning procedures.
Q: What’s in it?
A: The actual formula is proprietary but in general terms Odorcide is made up of a blend of natural ingredients that are safe for use on any surface to include leather chairs and hard wood floors. It is always recommended that you spot test before applications and as with all chemicals please keep them out of children’s reach.
