Winco Generator Low Pressure Fuel Solenoid Kit 64854-005

Model Number: 64854-005

Winco Generator Low Pressure Fuel Solenoid Kit 64854-005

Manufacturer: Winco Generators

Winco Generator Low Pressure Fuel Solenoid Kit 64854-005

The solenoid kit is designed for tri-fuel generators that will be left unattended while connected to the fuel supply. The normally closed ASCO valve interrupts the fuel supply whenever the generator is not running preventing fuel leaks.

For Models HPS6000HE, HPS9000VE, and HPS12000HE
