Manufacturer: Therma-Stor

Phoenix 4023374, Guardian Hepa Air Scrubber Pre Filter Spun Polyester, 24in x 24in x 1in, Case of 12 Being Replaced by 4023374-02

Description

24 x 24 x 1 pleated prefilter designed for Phoenix air scrubbers. Case of 12 filters.

These prefilters serve as the first stage of filtration, capturing large particles to extend HEPA filter life and maintain optimal air scrubber performance.

Features

- 24" x 24" x 1" pleated design for maximum surface area
- Case of 12 filters for long-term maintenance planning
- First-stage filtration captures large particles and debris
- Extends HEPA filter lifespan and reduces maintenance costs
- Compatible with Phoenix air scrubbers
