Model Number: 268170

NorthStar 268170 Skid Sprayer 200-Gallon Capacity Tank 160cc Honda GX160 Engine

Manufacturer: NorthStar

NorthStar 268170 Skid Sprayer — 200-Gallon Capacity Tank, 160cc Honda GX160 Engine
Product Summary
Truck-mounted NorthStar® sprayer handles the big spraying jobs with its 200-gallon capacity and dependable diaphragm pump from Comet. Honda-powered unit is powerful and reliable for years of heavy-duty use. NorthStar's tank features extra-thick walls that won't bulge or sag and stands up to chemicals thanks to a superior chemical-resistance polymer. Tank is UV-stabilized to prevent fading and other sun damage. Comes with 300ft. hose and lawn spray gun for a long reach. Add a broadcast kit, trailer kit and high-speed trailer kit to convert to tow-behind sprayer for ag applications.

What's Included

(1) Sprayer

Owner's Manual

A Sprayer That Will Last

Stands up to Chemicals
Because we knew you'd be using this sprayer for the toughest jobs, we gave it a pump that can handle the some of the most treacherous agricultural chemicals. The Comet ASP41 is made with anodized aluminum for maximum resistance to corrosion and maximum pressure.
Fuel Efficient, High Output Honda Engine
There aren't any better names than Honda when it comes to small engines. That's why we put one on our skid sprayer. This GX160 packs a punch but is easier to work with than other engines, with lower noise levels, lower vibration and lower emissions. Its design gives you better fuel economy.

NorthStar 268170 Skid Sprayer 200-Gallon Capacity Tank 160cc Honda GX160 Engine

Huge, Durable Tanks

Stand Up To Hard Use
When it comes to quality, we didn't cut any corners. Even our chemical tanks are built better and stronger, providing exceptional durability for years of trouble free service. The heavy duty, UV and chemical resistant polymer design prevents bulging and sagging. A large tank lid provides easy filling and the tank bottom drain provides easy emptying.
Fewer Refills Means More Productivity
Stopping in the middle of a job to refill is time and money wasted. With the NorthStar Skid Sprayer's 200 gallon tank, you can cover more ground with fewer interruptions, a great feature when working in remote locations.

Expand your options

Build the Perfect Sprayer
The NorthStar Skid Sprayer works great from the start, but we also offer a number of kits that let you expand it to suit your needs. Add the broadcast kit to make spraying large areas a breeze. Choose the trailer hitch to add an ag style coupler and 13in. tires. The High-speed trailer upgrade kit gives you a 2in. ball coupler, light kits and safety chains.

Over 1000 Hours of Testing

Proven Quality
No one builds sprayers better. And no one tests sprayers more. Northern Tool + Equipment engineers put each NorthStar sprayer component through a series of extensive, real world procedures in our testing facility and in the field. Before you put your sprayer to the test for the first time, we already have.
Setting the Standard for Over 20 Years
For over two decades, NorthStar has the standard for quality, performance and
