Model Number: 8.625-840.0

Windsor 8.625-840.0, Three Stage Vacuum Motor, 7.2in Tangental Discharge, Compatible With Ninja Prochem others 53021

Manufacturer: Century 400

Overview

- The tangential discharge by-pass blower/vacuum motors are the standard motors to power your wet/dry utility, commercial and built-in (central) vacuum cleaning systems, which require separation of working air from ventilating air. A wide variety of UL and CSA models are available in one, two and three stages in a 7.2" diameter.
