Clean Storm 18595676, 2000psi Pressure Relief Valve, 2000 psi x 3/8" Mip Brass

Model Number: 18595676

Clean Storm 18595676, 2000psi Pressure Relief Valve, 2000 psi x 3/8" Mip Brass

Manufacturer: Clean Storm

Clean Storm 18595676, 2000psi Pressure Relief Valve, 2000 psi x 3/8" Mip Brass

Description

Protect your pressure washing and truckmount systems from over-pressurization with the Clean Storm 2000psi Pressure Relief Valve. Designed to automatically release substances when pressure exceeds preset limits, excess pressure is safely vented out through the discharge fitting to prevent costly pump damage. Featuring a self-cleaning circular chamber and piston head design, water continues to circulate to eliminate the buildup of mineral and waste products. Built for durability and performance, it includes a corrosion-resistant stainless steel spring and an adjustable set screw that allows you to precisely configure the relief threshold for your specific application.

Key Features

- Automatic Pressure Relief: Automatically vents excess pressure when system limits are exceeded to prevent pump damage.
- Self-Cleaning Design: Circular area chamber and piston head design keep water circulating, eliminating mineral and waste buildup.
- Adjustable Pressure Setting: Features an adjustable set screw to allow configuration for your specific operational pressure (valves are tested but not preset from the factory).
- Durable Construction: Crafted from heavy-duty brass with a reliable stainless steel spring.
- OEM Compatibility: Factory-installed on select Dynachem and White Magic branded truckmount systems.

Specifications

Brand
Clean Storm

Part Number / SKU
18595676

Parts & Accessories > Valves > Safety Pressure Relief Valves > Clean Storm 18595676, 2000psi Pressure Relief Valve, 2000 psi x 3/8" Mip Brass

Clean Storm 18595676, 2000psi Pressure Relief Valve, 2000 psi x 3/8" Mip Brass

Maximum Pressure Rating
2000 PSI

Inlet Size
3/8" MIP (Male Iron Pipe) Brass

Discharge / Outlet Size
3/8" MIP x 1/2" Barbed

Spring Material
Stainless Steel

Body Material
Brass

Factory Preset
No (Tested, but requires field setting)

Optional

Propane and Natural Gasline Pipe Thread Sealing (Teflon) Tape 1/2 in X 260 inches 20170513
