Mytee ETM-LX-PLUS Escape Triple 6.6 LX Vacs 1000Psi Electric TruckMount 3HTLP Little Giant Heater Generator Bundle 99964881

Manufacturer: Mytee Products Inc

Mytee ETM-LX-PLUS Escape Triple 6.6 LX Vac 1000 PSI Electric Truckmount with Little Giant Propane Heater & Generator Bundle
Steambrite Bundle Part Number: 99964881

The Mytee ETM-LX-PLUS Escape electric truckmount bundle is designed for cleaners who want truckmount-style performance without purchasing a traditional engine-driven truckmount. This package combines the Mytee Escape ETM-LX-PLUS electric truckmount, a Little Giant propane water heater system, propane belly tank, and generator package into one professional carpet cleaning and restoration startup system.

This system is ideal for carpet cleaning, tile and grout cleaning, flood extraction, apartment work, commercial cleaning, and jobs where electric truckmount operation can reduce fuel, engine maintenance, and operating costs.

Bundle Includes

- Mytee ETM-LX-PLUS Escape electric truckmount
- Triple Mytee LX vacuum motor system
- 1000 PSI adjustable solution pump
- Auto-fill system
- Automatic pump-out system
- 3.3 GPM stainless steel pump-out
- 12 gallon solution tank
- Approximately 12 gallon recovery tank
- Little Giant 120,000 BTU propane water heater package
- Little Giant 12.2 gallon belly propane tank
- Generator package for mobile operation

Why Choose an Electric Truckmount?

- Lower maintenance: no truckmount engine oil changes, belts, heat exchangers, or engine tune-ups like a gas truckmount
- Strong vacuum performance: triple LX vacuum motor setup for serious recovery power
 - 1000 PSI pump: adjustable pressure for carpet, upholstery, and hard surface work
 - Flood-ready: automatic pump-out comes standard
 - Portable flexibility: can be converted to portable use with optional wheel kit
 - Hotter than many heat exchanger systems: separate 120,000 BTU Little Giant propane heater provides continuous heat

Mytee Escape ETM-LX-PLUS Performance Highlights

>

Vacuum System
Triple Mytee LX vacuum motors

Vacuum Rating
242+ CFM and up to 17" Hg / 231" water lift, depending on setup and testing method

Solution Pump
Adjustable up to 1000 PSI

Pump-Out
3.3 GPM stainless steel automatic pump-out

Solution Tank
12 gallons

Recovery Tank
Approximately 12 gallons

Machine Weight
Approximately 180 lbs

Heat Source
Little Giant 120,000 BTU propane water heater

Power Requirements

The Mytee Escape ETM-LX-PLUS uses multiple power cords to operate the vacuum motors, pump, auto-fill, and pump-out systems. The page currently lists cord requirements as two 20 amp cords and two 15 amp cords. Always confirm the current Mytee factory electrical requirements before installation, as manufacturers may update internal components, cord layouts, or amperage requirements without notice.

- 6 ft 10-3 NEMA 14-30P cord is included.

Important: Cord must be plugged into a correctly rated, independent circuit. Overloaded circuits can trip breakers, damage equipment, or reduce performance.

Little Giant Propane Heat Advantage

Unlike electric inline heaters, the Little Giant propane heater provides up to 120,000 BTU of heat. This allows the system to maintain higher cleaning temperatures during continuous professional use. Hotter solution can improve cleaning results on greasy

>

restaurants, heavily soiled carpet, oily traffic lanes, tile and grout, and restoration work.

- 120,000 BTU propane heat
- Continuous heat during operation
- Excellent for grease, oil, wax, gum, and heavy soil removal
- Separate heat source does not rob power from the electric truckmount

Generator Package

This bundle includes a generator package for mobile operation. The current page notes a 459cc generator and recommends premium or ethanol-free fuel. Generator model, brand, output, and specifications may change based on availability, factory updates, or bundle substitutions.

Important: Always verify that the included generator is correctly rated for the final machine configuration and all power cords being used. Generator overload can reduce performance or damage electrical components.

Best Applications

- Professional carpet cleaning
- Tile and grout cleaning
- Hard surface cleaning
- Apartment and high-rise cleaning
- Commercial maintenance cleaning
- Water damage extraction and flood cleanup
- Jobs where engine-driven truckmount cost or maintenance is not desired

Package Advantages

- Costs less than many traditional gas-powered truckmounts
- Automatic pump-out is already included
- Can be used as a mobile truckmount system with generator
- Can be converted toward portable-style use with optional wheel kit
- Little Giant propane heat can outperform many smaller heat exchanger systems
- Good option for cleaners wanting strong vacuum, high pressure, and propane heat without a conventional truckmount engine

Recommended Optional Add-Ons

- Mytee A150 wheel kit to convert the Escape into a portable-style machine
- Rotary extraction wand such as Mytee T-Rex, Rotovac 360i, Rotovac 360XL, or Sapphire Hoss 700
- Tile and grout spinner tool rated for 500–1000 PSI use
- Van ramp or loading ramp
- Pre-spray injection sprayer
- Extra vacuum hose and solution hose
- Fire extinguisher and propane safety accessories

Important Safety Notes

- Propane heaters must be installed and operated by a qualified person.

>

- Never operate propane equipment inside a closed vehicle or enclosed space without proper ventilation.
- Always follow local fire, propane, vehicle, and insurance requirements.
- Never light the Little Giant heater unless the coil is full of water.
- Always leak-test propane fittings with soapy water before use.
- Keep fire extinguishers accessible at service vehicle door openings.
- Generator exhaust contains carbon monoxide and must be kept outside and away from doors, windows, and air intakes.
- Use only correctly rated electrical circuits, plugs, cords, breakers, and generator outlets.

Before You Order

- Confirm whether you need residential liftgate delivery or commercial dock delivery.
- Confirm your vehicle has room for the machine, heater, generator, propane tank, hoses, and accessories.
- Confirm your local propane installation requirements.
- Confirm the current Mytee factory configuration before ordering if exact vacuum motor count, amp draw, or generator model is critical.
- Confirm if you need a wand, hose set, pre-spray system, ramp, or wheel kit added.

Frequently Asked Questions

Is this a gas truckmount?

No. This is an electric truckmount system. The cleaning machine is powered electrically, while heat is supplied by the Little Giant propane water heater.

Does this include heat?

Yes. This bundle includes a Little Giant propane heater package for hot water cleaning.

Does this include a generator?

Yes. This bundle includes a generator package for mobile operation. Generator model and specifications should be confirmed at time of order.

Can this be used for flood extraction?

Yes. The Mytee Escape ETM-LX-PLUS includes automatic pump-out, making it useful for flood extraction and restoration support work.

Can this be converted into a portable?

The Escape can be used with the optional Mytee A150 wheel kit to make it more portable. Power availability and circuit requirements must still be confirmed for the job site.

Does this include a wand and hoses?

Only items specifically listed as included are included. Wands, rotary tools, additional hose sets, ramps, and sprayers may be optional add-ons.

Why use propane heat instead of electric heat?

Propane heat provides far more BTU output than typical plug-in electric heaters and does not use the same electrical power needed by the vacuum motors and pump.

The Next Big Thing in Truckmounts

Introducing the Escape®; Plus, the first electric truckmount to truly rival gas power! Featuring 3 LX®; vacuums, the Escape®; Plus's specs are undeniable: 242+ CFM and 17in. Hg / 231" water lift – and at a fraction of the cost of gas-powered truckmounts!

57,594 vacuum units

44.4 amp Vacuum

You can now enjoy the advantages of electric–such as reduced costs, minimal maintenance, and low environmental impact–without sacrificing raw power.

The Escape®; Plus also comes standard with chemical metering, a 1000 PSI solution pump and a 3.3 GPM pump-out to make for one seriously incredible machine!

Features:

Three exclusive Mytee®; LX®; Vacuum Motors – outputting 242+ CFM and 17 in. Hg

Autofill and automatic pump-out

12 gallon solution and recovery tanks, plus an included transfer pump to expand capacity to additional holding tanks

The industry's only truckmount to come standard with a transfer pump

3.3 GPM stainless steel pump-out – making this ETM a powerhouse for flood restoration

1000 PSI adjustable solution pump

Chemical metering

Weighs only 180 lbs!

Solution Tank

12 gallons

Recovery Tank

12 gallons (approx.)

Vacuums

Three exclusive Mytee®; LX®; Vacuum Motors

242+ CFM, 14 in. Hg (approx.) [Steambrite test 225 CFM and 15 in HG @ 900 ft above sea level]

>

Solution Pump

1000 PSI

Pump-Out

3.3 GPM

Optional Transfer Pump

60 PSI, 3.3 GPM, 115V

Amp Draw

Single 6 foot 10-3 NEMA 14-30Plug

Generator Requirements

Included: 459cc. Please use with premium or ethanol free fuel

Package advantages:

Cost less than other 18 HP truckmounts

Can be turned into a portable with the optional wheel kit and then can operate on as few as just 2 breakers.

No need to purchase a portable for portable work.

Already APO (auto pump out) water extraction and flood ready. Other truckmounts charge an extra \$1500 for this feature!

Hotter than heat exchanger truckmounts. 120,000 BTU of non stop heat.

Package Performance number: 57,594 Vacuum Units + 750 Cleaning Units + 120,000 Btu = 178,344 performance units.

Mytee may make changes (upgrades and downgrades) in products it manufactures and markets at any time; these changes are made without obligation to change, retrofit, or upgrade any product previously sold or manufactured. Equipment filled by part number and not by description. Internal parts used for each build subject to change based on parts cost, availability, and or warranty history on past sales.
