Drieaz F568 Stealth AV3000 High Velocity Axial Airmover 113164 Fan 1610-5886 Flex-A-Chill 3000

Model Number: F568

Drieaz F568 Stealth AV3000 High Velocity Axial Airmover 113164 Fan 1610-5886 Flex-A-Chill 3000

Manufacturer: Drieaz

Drieaz F568 Stealth AV3000 High Velocity Axial Airmover Fan 113164
Flex-A-Chill 3000

The ULTIMATE versatile, high-velocity axial air mover 113164

The Stealth produces high velocity, long-throw airflow to ventilate smoke, dust and fumes and dry large spaces fast. Direct air anywhere – reposition it easily on its versatile integrated stand. The Stealth's advanced blade design delivers quieter operation AND higher intensity airflow. Power airflow up or down in a snap with variable speed control.

Light and easy to carry, the Stealth stacks securely for transport. Its low amp draw and convenient outlet let you daisy-chain up to four units on a single 15-amp circuit.

Product Features
Versatile fan positions for directing airflow
Variable speed control
Low-noise Stealth™ fan blades for quieter operation
Hour meter
Power outlet socket for daisy-chaining – up to four units on a single 15A circuit
Circuit breaker and reset switch
Secure, nested stacking – up to 5 high
Rugged carry handle and integrated cord wrap

Safety

ETL tested to UL and CSA Standards

.

The Flex-A-Chill 3000 is the the perfect airmover for the race track, your garage and the dyno cell. With 2,600 cfm of high-velocity airflow that you can direct exactly where needed, the Flex-A-Chill 3000 will cool your car down in a hurry. And it’s low, 2.7-amp draw means it won’t overtax trailer or generator circuits.
