Nikro 861432, Duct Mask 8in x 200ft Roll

Manufacturer: Nikro

Nikro 861432 Duct Mask 8in x 200ft Roll
Usually ships in a clear but final shade or color is not guaranteed.
Description
Duct Mask comes in 8 inch by 200 feet rolls. Duct Mask is an adhesive backed film that provides a quick temporary seal on registers and grilles. Prevents unnecessary blowing and the spread of dust within the work area. Duct Mask is perforated every 4" (8" wide rolls) to provide a quick, custom, one-step installation. The adhesive backed film can be easily removed from the register without harming the register's factory finish.
