Advantages:

• Save money and build your own truckmount or let us assemble for you.
• Instantly toggle back and forth between pressure washing, tile and grout cleaning, carpet cleaning, sewer jetting, mattress cleaning and water extraction work.

• Quit walking over all the money laying on the driveway and sidewalk as you walk towards your carpet and tile cleaning work.

• Super Compact trailer cleans hotter and better than heat exchange truckmounts.

• Non stop flood and water extraction capabilities. (normal truckmount have to drain their waste tank every 5 to 10 minutes in heavy flood water extraction work, this unit automatically discharges 30 gallons every 60 seconds!)

• On board generator to running seaming iron, scrubbing machine, fans, rotary power wands with job site is without power.

• Includes Four hose reels: Tile and Carpet Cleaning, Pressure Washing, Garden Hose and vacuum hose.

• Only burn enough fuel you need for the job at hand. Only run the pressure washer when you need pressure, only run the generator when you need vacuum. Optionally plug the Goliath Trailer-mount into a 240 volt outlet.

• Can be towed with any pickup truck (water removed from tanks)

• Cost less than many truckmounts but cleans more surface types. (most truckmounts cannot clean concrete at 3000 psi)
• 200 gallon fresh water tank mean cleaning larger jobs between refills
• Self contained, no garden hose or electricity required.
• Easier to service and maintain - everything is easy access.
• Compact design is only 10.2 ft (122" L) X 5.7 ft (69") W X 5.3 ft (63.5") H

• Pressure washer already includes dual 8 gallon fuel tanks / 6.6 gallon for generator.

Cash Priced. This will require wire transfer payment. Ships to nearest hold at dock location. Credit cards not accepted on this item as credit card payments require shipping to the billing address. Unloading this trailer will require forklift extensions and special front load rigging that is not available at your home. You will have to bolt the trailer tongue onto the trailer in the trucking company yard, so bring tools with you. Uses 2" towing ball. Home delivery is not an option. If you have forklift

Testimonial:
The job site required me to leave the machine on a higher floor than the surface being cleaned.
With the pressure washer set at 1700 psi and applying the water with dual 02 jets using the TH15 spinner wand
Cleaning one and two floors below the Goliath I only needed to run two vacuum motors to pick the water straight up vertically 40 ft and over horizontally 100 ft. using 150 ft of 2" ID vacuum hose.
Cleaning 3 and 4 floors straight up (80 ft) and over 100 ft, I used 3 vacuum motors.
Cleaning 5 floors (100 ft) straight up plus 100 ft. horizontally, I ran all 4 vacuum motors and it worked perfectly!"

The 6.6 Goliath recovery system is a beast! I was some what surprised at how well it performed. The vacuum and pump out is as strong as any truckmount system or even stronger. The setup is very simple as it should be. Easy to use and the build quality seems to be very strong. The suction power is great. The system has no problem keeping up with a 4 gpm power washer on just 2 vacuums on. Cleaning out the waste tank is simple and made easier with the drain valve on the front of the unit. The extension cords are high quality which are sent with the

vacuum. I will recommend the Goliath system to any new business or current power washers that need a water recovery system. Great Job Steambrite! Ricky Smith - Covenant Keeper Restorations

"Vacuum is awesome! I love the automatic flood pumping ability. I have worked with the Boxxer 427 for many years and found my Goliath Quad 6.6 feels stronger to me!"
