NEMA 6-20P Plug 20 amp 240 volt replacement end For 10 and 12 Awg Wire Freight Included 8.709-656.0

Model Number: 6-20P

NEMA 6-20P Plug 20 amp 240 volt replacement end For 10 and 12 Awg Wire Freight Included 8.709-656.0

Manufacturer: Leviton Electric

NEMA 6-20P Plug 20 amp 240 volt replacement end For 10 and 12 Awg Wire

Exceptional quality product, used to repair or build extension cords for home, job sites, or rugged environments
Unique wrap-around cord grip design secures, protects wire and eliminates extra screws for simplified wiring
Rugged, high-impact/chemical-resistant polymer body
Flexible rubber dust seal prevents moisture and contaminants from entering wiring chamber
Tapered cover eliminates cords from snagging while being dragged on ground

Easy-drive head screws — Standard and Philips

NEMA configuration number & rating molded on face of device for easy identification
Rugged PVC body resists moisture and chemicals; suited for outdoor cords
Body Material: PVC
Brand and Color subject to change without notice: Ships in either Yellow or Black (default)
