Model Number: 213802

IPI Industries 213802 Breeze Extended Run Generator System BERG System Clam Shell

Manufacturer: Northern Tool & Equipment

IPI Industries 213802 Breeze Extended Run Generator System &mdash; BERG System: Clam Shell

## Product Summary

Even if you already own a marine fuel tank, you'll want to consider this option. No more refueling your generator in the middle of the night! Keep your inverter generator running for up to 72 hours with the BERG System by joining your generator to the external fuel tank and extending the continuous run time. The vacuum draw technology enables the fuel to flow seamlessly from the BERG System to the generator, thus allowing you to set it, start it and forget it.

### What's Included

- (1) Fuel cap
- (1) Fuel line
- (1) Teflon tape
- (2) Fittings

## Product Manual
