Clean Storm BX30, Gripnotch V Belt

Model Number: BX30

Clean Storm BX30, Gripnotch V Belt

Manufacturer: Clean Storm

Clean Storm BX30, Gripnotch V Belt

Description

The Clean Storm BX30 Gripnotch V Belt is engineered for demanding industrial and commercial applications that require maximum power transmission and exceptional belt longevity. Featuring precision-cut "V" notches along the inner edge, this premium raw-edge cogged belt increases flexibility, reduces heat buildup, and easily handles smaller pulley diameters. Built to minimize slipping and withstand high operating temperatures, the BX30 ensures reliable performance and reduced downtime for your equipment.

Key Features

- Precision Notched Design: "V" notched construction enhances flexibility and reduces bending stress on smaller diameter pulleys.
- Superior Heat Dissipation: Cogged profile promotes cooling airflow to prevent premature belt degradation and extend service life.
- Enhanced Grip & Efficiency: Molded raw-edge sides maximize traction against pulley grooves, significantly reducing slippage.
- Heavy-Duty Construction: Built for high torque, continuous-duty industrial cleaning, and power transmission equipment.
- Durable Composite Material: Resistant to oil, heat, and wear for maximum reliability under harsh working conditions.

Specifications

Model / Part Number
BX30

Belt Type
Gripnotch / Raw Edge Cogged V-Belt

Belt Section
BX (Cogged)

Top Width
21/32 in (0.66 in)
