Manufacturer: Link Manufacturing Ramps

49x99 Spring Assist Ramp---LB20-47-99-SA 7842-A000

All of our Ramp Systems provide protection for your employees and equipment by eliminating the danger of lifting in and out of vehicles. Our systems are proven to increase your job efficiency and reduce the cost of expensive equipment damage. Create for yourself a professional appearance with a Steam Brite Ramp System.

Capacity (lbs.) 1500
(this is the only model with a 1500 lbs rating, all other sizes are 1000 lbs)

FEATURES & BENEFITS

- Reduces lifting force
- Flat surface mount
- Stores vertically inside the vehicle
- Reduces dangerous lifting
- Increase efficiency
- Reduce equipment damage
- High strength aluminum extrusion
- Easy installation
- Takes seconds to position for use
- Compare to current or past OEM associations: 7842-A000
- Optional wheel kit available (part 78425A04)

RAMP SELECTION CHART
Use this chart to choose the appropriate ramp length for your vehicle.

RAMP CAPACITY RATINGS
There are many methods that are used to give a ramp its loading capacity rating. Do not be fooled by the numbers. Our ramps are rated using a footprint 6" wide by 16" long.
Pressure is applied to the center of the ramp with this footprint. We then apply a three times safety factor to arrive at the weight our ramps are capable of loading safely. This gives you a true capacity rating that has the safety of you and your employees at heart.
Ask your ramp supplier how they arrive at their capacity rating.
