1 X 12V DC 8.3 Amp Charge

Steambrite recommends ethanol free or premium fuel and fuel stabilizer as well as synthetic oil in crankcase!

Owners Manual

Brochure and Spec Sheet

>

NOTE: as of 04/30/21 the factory brochure has a type-O on it. It states it has a L14-50 Receptacle. This is not correct it has a 14-50 Receptacle. The "L" locking is a misprint. It is not locking but a standard outlet. This is also a replacement as past models had L14-30 Receptacles and this to is no longer the case. The factory reserves the right to change exact specifications without notice.

Optional Equipment

Honda 18331-ZE3-811 Muffler Deflector

Fits BE Pressure Generators too!

Generator Adapter L5-30P X Dual 5-15R 20170930

Perfect when you need to plug in 4 different 120 volt 15 amp items in the generator!

A best seller.

Generator Grounding Kit Bonding Parts 18012017 Self Install
